HIS PEACE MANIFESTO

Aguinaldo Signs the Document after Much Persuasion.

HE HAD OBJECTIONS.

More Surrenders of Commanders of the Filipino War and Others Expected—General Young on Philippine Situation.

Manila, April 9.—Although the officials are uncommunicative, nevertheless it is said that Aguinaldo has signed his peace manifesto. Chief Justice Aranelo drafted the document, and Aguinaldo strongly objected to two clauses of the manifesto and considerable argument was required to overcome his objections. Colonel Alba, the insurgent leader of Zambales province, with 13 officers, 83 men and 92 rifles, surrendered to Lieutenant Colonel Manuel C. Goodrell, commanding the marines stationed at Olongapo, on Subig bay. General Malvar, with about 300 men and as many rifles, is expected to surrender shortly at Silang, Cavite province.

YOUNG ON THE WAR.

He Says Others May Take up the Fight Where Aguinaldo Left Off.

Washington, April 9.—Major General S. B. M. Young, who has just reached Washington after serving nearly two years in the Philippines, had this to say about the conditions in the islands:

"In the six weeks that have elapsed since I left the islands some important changes have been wrought so that I am unable to say accurately just what the situation is in Luzon now. I do believe, however, that the capture of Aguinaldo and his acceptance of American authority will have a beneficial effect and no doubt a strong tendency to bring about peace and order. Some of the leaders will probably come in and surrender as I see small bands are doing from day to day.

"It is impossible to say what such men as Alejandrino and Santos will do. They may decide to follow Aguinaldo's example and again they may be ambitions and desire to become leaders in his stead. Alejandrino, who has been spoken of as Aguinaldo's possible successor, is an able and intelligent Filipino and I understand his command is well scattered and small. General Tino is the Filipino leader in northern Luzon and is quite active. Under him are perhaps 3000 men with a more or less loose and disconnected organization divided into guerrilla bands who drop down on paymasters, quartermasters and commissary supply trains accompanied by small parties. They fight in the open and take to the mountains when an American force appears.

"Even if all the leaders come in and surrender there will remain organized bands for some time to come which will cause trouble. I am not in favor of reducing the military force in the islands below the 60,000 limit. We will need fully this number of men to maintain peace and give assurance of tranquility. Had not General Trias surrendered before the capture of Aguinaldo, he would no doubt have been selected as the Filipino leader and made an effort to continue the insurrection.

Result of Philippine War.

New York, April 9.—According to the Herald special from Washington, since the rebellion in the Philippines 50,000 men is the lowest estimate of the captures by the American forces; 7676 rifles have been captured or surrendered, 605,120 rounds of ammunition as shown by the complete returns have been seized. The number of Filipinos killed cannot be ascertained.

STARVING TO DEATH.

Sad Plight of Puerto Ricans According to a Petition to the President.

New York, April 9.—Senor Santiago Iglesias, delegate of the Federation of Labor of Puerto Rico, who arrived on the steamer Ponce, from San Juan, is the bearer of a petition from the workmen of Puerto Rico to the president. In this petition which bears 6000 signatures, the Puerto Ricans say: "Misery, with all its horrible consequences is spreading in our homes with wonderful rapidity. It has already reached such an extreme that many workers are starving to death, while others that have not the courage to see their mothers, wives, sisters and children perish by hunger, commit suicide by drowning themselves in the rivers or hanging themselves from branches of trees."

Receiver Appointed.

Cleveland, April 9.—Attorney A. W. Lamson has been appointed receiver of the United Salt company of this city. The National Salt company, otherwise known as the salt trust, recently secured a controlling interest in the local concern. J. M. Henderson, who applied for the receiver, avers in his peti-

tion that the National Salt company is undertaking to wreck the Cleveland concern.

Alleged Murderer Captured.

Mena, Ark., April 9.—Latho Hembre, the alleged murderer of W. W. Willis, the paymaster of the Hammond Signor Tie company, who escaped from jail last month has been captured 11 miles from Mena. Hembre was sentenced to hang in 1899, but was granted a new trial.

REBELLION IN CHINA.

us Trouble Breaks Out in Mongolia and Shen Si Province.

Pekin, April 9.—The outbreak of the rebellion headed by General Tung Fu Siang, the former commander of the northern army in the provinces of Mongolia and Shen Si, are said to be assuming alarming proportions and that the court is seriously alarmed. General Fu Siang was, according to last accounts, about 150 miles from the court with 11,000 regular troops. It is believed that the Mongolian rebellion was created through agents of Prince Tuan and General Tung Fu Siang.

Li Hung Chang thinks there are about 5000 troops in Mongolia and inclines to believe they will not join the rebellion. He does not think the court is in any danger and thinks the object of Prince

GENERAL TUNG FU SIANG.

Tuan (who was last reported at Ning Hsiu with 10,000 men prepared to resist arrest) and General Tung Fu Siang is to create a diversion of interest in order to force them to provide self protection.

Prince Ching who, as a relative may be considered to take the court view of the situation, thinks the rebellion is a storm in a teacup. He says the present court is loved and esteemed by nine tenths of the population of China and that the same proposition of the able bodied men in China would rise to protect the present dynasty. The empress dowager, as the adviser of the emperor holds a place in the affections of the people not dreamt of and acknowledged by foreigners. The emperor recognizes her ability in valuable aid and advice.

CAUSED BY EDICT.

Tung Does Not Propose to Be Punished, But to Show His Power.

Pekin, April 9.—The Russian minister to China, M. DeGiers, responding to a letter from Prince Ching and Li Hung Chang regarding Manchuria, merely refuses to hold further communication with them on the subject.

The Mongolian prince, Oluskan, father-in-law of Prince Tuan, proves to be an important factor in the rebellion now in progress. He urges the rebellious troops to march on Sian Fu. The Chinese knowing General Tung Fu Siang, say the emperor brought the rebellion upon his own head when he issued the edict threatening the general with future punishment. On account of his present power and influence General Tung Fu Siang would not permit this, and naturally desired to prove his power. He has the entire Mohammedan population with him. Prince Tuan has also a large following, while Prince Oluskan controls the entire province of Mongolia.

Bad View Taken of Revolt.

Washington, April 9.—It is the hope of officials here that the Tung Fu Siang revolt will stimulate the lagging ministers at Peking to final action on the indemnity question. If it does not, and if the court is obliged to flee from Sian Fu and the great Yang Tse viceroys are slaughtered by General Tung Fu Siang, as it seems entirely probable, then all China will be plunged into anarchy in the estimate of war officials here.

What China Could Pay.

Pekin, April 9.—According to expert opinion China would be able to pay from £20,000,000 to £30,000,000 without crippling her financial resources, while the amounts which the powers at present demand aggregate from £80,000,000 to £100,000,000.

Chinese Governor Removed.

Shanghai, April 9.—Yu Yin Lin, the governor of Hu Pei province, has been appointed governor of Kwang Si prov-

WEDNESDAY, APRIL 10, 1901.

NOTICE.

Obituaries, accounts of society events and other matters that interest only a limited number of people cannot be given space gratuitously in the columns of the Eagle. This includes obituaries written by friends of deceased, resolutions published by lodges, accounts of private entertainments, suppers, etc. This is not intended to entirely bar notices of such matters. The publishers are pleased to have these matters called to their attention for appropriate notice in the paper either by personal request, note or telephone, but long articles of the class mentioned cannot be printed without charge as for advertisements or other matters of interest to only a few persons.

Half a dozen Texas cotton mills are getting ready to make cloth.

It is intimated that Count Boni Castellane has all kinds of nerve, with the vocal pressure on the all.

Capt. A. F. Lucas of oil fame, says that Louisiana and Texas contain enough oil to illuminate, grease and heat the world.

Miss Marie Satterfield, of Buffalo, has landed Count Franz Josef Von Lavisch, of Austria, and the Count has landed Marie's millions, left her from deceased papa's standard oil profits.

Jno. G. Oltorf has received notice from the United States Fish Commission that a car will be sent to Marlin from San Marcos in a short time, bearing a consignment of black bass for the Oltorf lake.—Marlin Democrat.

An editor lay dying, says the Arizona Kicker, and the doctor, leaning over him, remarked: "Circulation's nearly gone." The dying man, summoning all his energy, shouted: "You're a liar! We've got the largest circulation in the county."

Houston capitalists will undertake to develop the mineral wealth of Grimes county in the vicinity of Lamb Springs. Coal and oil are the products sought after, and

it is proposed to build a line of railroad from Navasota to the Lamb Springs territory.

Rev. Fife closed his meeting at Calvert recently. About 225 persons joined the different churches as a result of his work there. We understand there was great interest manifested and that Calvert has never been shaken as she has been by this evangelist. Twelve hundred dollars was subscribed and given the evangelist as a free will offering.—Hearne Democrat.

The present term of the district court, the first with Judge Scott on the bench and Judge Hudson representing the state, is about concluded. These gentlemen have demonstrated their fitness for the important positions they hold and Brazos county doubtless feels like putting the stamp of approval on their work.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendixitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

BIG STEEL CONTRACT.

Morgan Syndicate May Cut Considerable Figure in the Deal.

New York, April 9.—The steel men are greatly interested in the bidding for the contract for the steel suspended structure of the new East river bridge. Many are of the opinion that it will afford an idea of the means to be employed by the United States Steel corporation, the syndicate lately formed by Mr. Morgan.

Those familiar with the steel situation say there are about four probable bidders as follows: The United States Steel Corporation, the Pennsylvania Steel company, which has the contract for making the steel for the approaches of the new East river bridge, the King Bridge company, which bid on the same contract, and the Columbia Steel company.

The contract, it is said, will amount to between \$2,000,000 and \$3,000,000. It is probable the largest single contract for structural bridge steel advertised since the organization of the United States Steel corporation. If the big company wishes, it is currently said, it can prevent smaller companies from getting raw product on as favorable terms as heretofore. It is also said the big company can underbid the smaller companies. Under the terms of the official notice to contractors the bids must be in by April 25.

Another Combine.

Chicago, April 9.—Representatives of 80 manufacturers of gasoline fixtures are at the Sherman House to attend a preliminary meeting, with a view of the formation of a manufacturers' association. The manufacturers are enthusiastically in favor of the association and a committee was appointed to bring about the formation of such. The members admit that the object of the organization is to keep up prices and control the trade.

Linen Spinners May Combine.

Washington, April 9.—Information as to the formation of a gigantic trust, embracing every linen or spinning concern on the continent of Europe, has reached the state department in a report from United States Consul Mahan at Rhenberg, Austria. For some time, says the consul, it has been understood Austria, German and Belgian spinners of linen thread had decided to unite in a reduction of the product. From Paris has come the news that French spinners also are to join in reducing the output of the mills. The object being to enhance the price of yarn. Makers of linen cloth have suffered from the high price of yarn and this enormous combination will make conditions still worse.

Another Big Consolidation Scheme.

Milwaukee, April 9.—Charles Allis, representing the great plant of E. P. Allis & Co., is in New York in connection with a proposition to consolidate all the big machinery and stationary engine plants of the country. The trust will, if formed, have a capital of \$50,000,000 and include over 40 plants. The Allis works are the largest of the kind in the United States.

How He "Beat the Railroad."

Chicago, April 9.—John R. Jeffrys, whose local fame rested in the assertion that he was the "only man to beat the railroad," is dead, and the railroad after 22 years of waiting, at last won. Jeffrys, who was 73 years old, received an annuity of \$1000 for injuries received in a wreck, and through his death was considered imminent 20 years ago, he lived to enjoy his income and chuckle over the way in which he bested the railroad company for nearly a quarter of a century. The company which supported Jeffrys was the Michigan Central. The wreck occurred at Jackson, Mich., in 1879, and he received altogether \$22,000 from the company. Jeffrys was supposed to have been a Confederate soldier, but he left no relatives behind and in his lifetime was reticent about his career.

Beaumont Oil Analyzed.

Austin, April 9.—J. S. Wheelock of Galveston, who is extensively interested in the Beaumont oil field, said that he had just received the returns of an analysis which he had made of the oil from well No. 2, owned by Messrs. Guffy & Galey. This analysis shows that the oil contains 10 per cent of pure asphaltum, 20 per cent of high grade illuminating oil, and the remainder of fuel oil. The expert who made the analysis informed Mr. Wheelock that the oil is worth nearer \$5 per barrel than 40 cents, for which it is now selling.

A company is being organized to establish a large oil refinery at Beaumont for the purpose of treating the oil for its asphaltum and other by-products.

Hermann May Be Removed.

Washington, April 9.—Indications are growing that the commissioner of the general land office, Binger Hermann, will be displaced within a short time. It is noted that Mr. Hermann has not been in thorough accord with the heads of the divisions of the department as would conduce to the speedy conduct of the public business. Where there seemed no other way of taking away from the general land office certain matters which it was desired to have disposed of under different supervision, the matter of creating a new division has been considered with much seriousness.

Logan Statue Unveiled.

Washington, April 9.—The magnificent equestrian statue of General John A. Logan, erected in Iowa Circle, was unveiled today. The ceremony occurred in the presence of an immense assemblage, including President McKinley and members of the cabinet surviving members of General Logan's family and many persons eminent in military and civil life of the nation. An address was delivered by the president and the oration by Senator Depeu

THE GREAT REVIVAL.

MONDAY NIGHT.

Monday night brought out the biggest crowd yet assembled to hear the preaching of Rev. George Stuart. The big tent was packed and the sermon was given profound attention. People who go to hear George Stuart don't get tired, and most of them are sorry when he quits. He just quits, you know; he never gets through. Been preaching on one text—Galatians vi. : 10—nearly every sermon since he came to town. Took it up again Monday night and then didn't finish it. What riches of truth he delves from its depths. No man can hear him and not be benefitted. Confessing his own errors and short comings, he says he preaches to himself while preaching to the people. He is an evangelist who doesn't claim to own a half interest in the universe on equal terms with the Almighty.

The burden of the sermon Monday night was "Opportunity," and the preacher classified all people in three groups—opportunity takers, opportunity makers and opportunity breakers. Every man in hell tonight had opportunities to be saved, and every man in heaven declined opportunities to be damned. You see a fellow striving to accumulate property in this world and get fixed. The more he gets the more he wants. Did you ever see a fellow who was fixed? He never gets fixed until he is stretched out on a cooling board with his toes tied together and two little pieces of money—all he's got any use for then—on his eyes. You know what rich people usually do with their money? They buy through tickets to hell for their families and check their baggage. I haven't got a dollar in the world laid up and never expect to have, but if you can find a bill I owe, which is due and has been properly presented, I'll trade you my license for it and quit preaching. I have told my son I don't expect to leave him anything, and he will have to root hog or die poor; and I told my daughter she need not expect me to lay up any money for some little fool dude to run after. Opportunity? The world is full of opportunities and men go to hell with the waters of life purling in their ears and the light of God's salvation shining in their eyes. For an agency, an opportunity maker, to save an unmarried man, give me a home-making, God-fearing, praying, Christian mother; and to save a married man give me that kind of a wife. If I was the devil—I'd hate to be the devil—but if I was and wanted to damn a man I wouldn't have a better thing than a little giddy, dancing, card-playing, theatre-going, punch-bibbing wife. If she couldn't damn him I'd give it up. I am sorry for a fellow who is better than his wife. Jordan is a hard road to travel. God is giving the people of Bryan a great opportunity to be saved. Will you take it? This is not my meeting, it is not man's meeting; it is God's meeting, and to Him you must render an account of how you improve this opportunity.

Mr. Stuart requested all the preachers, church officers and Sunday school teachers of the various churches to remain after the congregation was dismissed and a good meeting resulted. The preacher addressed them briefly and pointedly on their duties and responsibilities and all united in a pledge to do all in their power for the meeting and the salvation of souls in Bryan.

TUESDAY MORNING.

Rain came Tuesday morning and the services were held at the Baptist church. The business houses were closed promptly and the church was crowded, principally with men, who were earnest, attentive and thoughtful. The preacher said rain didn't bother him. Some of his greatest meetings got their start in rainy-day services when only a few were

Young Women

The entry into womanhood is a critical time for a girl. With her whole being undergoing a change, the seeds of female troubles are sown. Little menstrual disorders, if neglected at the time, will follow the woman all her life and grow into fatal complications. That female troubles are robbing homes and filling graveyards, proves this. Yet, irregular and painful menstruation are often permitted to go on, sapping the life and energy, while Wine of Cardui, the positive relief for these ills, is on the shelf of every drug store. Wine of Cardui helps the maiden sustain the shock of puberty by inducing a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Wine of Cardui is an emmenagogue of great power, and works wonders in strengthening the delicate and sensitive female organs. Many young women owe their lives to Wine of Cardui. No woman should give up hope until she has given Wine of Cardui a trial. If thousands have secured relief through it, why not you?

WINE OF CARDUI

Tully, Kas., Feb. 24, 1900.
I have suffered untold pain at menstrual periods for a long time; was nervous, had no appetite, and lost interest in everything; in fact was miserable. I have taken four bottles of Wine of Cardui with Black-Draught when needed and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me.
Miss DELLA M. STRAYER.

In cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

present. I believe in man doing

his duty and letting God take care of the result. The discourse was based upon the fifteenth chapter of John, wherein Christ likened himself unto a vine and his followers to the branches, with God as the husbandman. Christ went straight to the masses and taught them in parables, relating to their simple daily labors and affairs of their lives. That is the way to get to the masses. I would be willing to go down yonder and preach in that saloon if the proprietor would let me. The devil don't bid on a zealous Christian worker. He can't get at a man who is entrenched behind daily Bible reading, secret and family prayer. This lesson teaches us to abide in Christ and not camp on the line, so we can go back into the world to a dance or a theatre, and so the world cannot tell whether we are of the household of faith or not. Some Christian people think their children have to be a little worldly. I believe it a most heinous crime for a child to be lost from a Christian family. A man has no business in heaven with a boy in hell. If I had an unsaved boy I wouldn't rest until he was saved in this meeting. We are responsible for our children to the world until they are grown and we are just as responsible for them to God. Pharaoh first wanted Moses to move out on the line; then he wanted Moses and his people to leave their children behind, and then wanted them to leave their cattle and business. But Moses said not a hoof shall be left behind. A man can ride his business to heaven six days in the week and take his children with him. Move over into Canaan and take everything with you. Thank God, I've moved, and I don't have to go back after my family or my pleasure, my companions or my business. The Bible takes account of business christianity when it speaks of the man who is diligent in business and fervent in spirit, serving the Lord. In the course of his remarks Mr. Stuart took occasion again to pay his respects to the authorities for permitting the saloons to remain open on Sunday, and also to the church member landlords who rent houses for saloons. The saloon man, he said, ought to be licensed to preach to such a man as that.

Another splendid meeting was held Tuesday night, the opera house being used on account of the weather.

SPRING MEDICINES

Our Sarsaparilla has become justly celebrated for its invigorating properties. It is prepared especially for use in this climate and is wonderfully effective.

M. H. JAMES,

THE LEADING DRUGGIST.

THE DAILY EAGLE.

Entered at the postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - Per Month, 40c.

WEDNESDAY, APRIL 10, 1901.

One hundred and eighty-one persons were buried in death in Texas during the fifteen months ending March 31. The majority were of course victims of the deadly kerosene can.

A hen that had reared a fine brood of chickens until they were half grown left them one day to look up a location for a nest. When she returned she found that the lady of the house had carried off the finest young rooster among the brood. Whereupon she ran to a neighbor to pour out her grief. But the neighbor, after listening to her tale of woe, consolingly replied, "Why should you grieve or mourn? I saw the pecking elder sister at the house for dinner and I suppose before this time your son has entered the ministry."—Ex.

A Bold Policy.

The action of Gov. Sayers in extending an invitation to New York business men to visit and examine the resources and possibilities of the State of Texas, indicates a policy as broad as it is admirable. No better advertisement of the Lone Star State could have been conceived, and the effect of the governor's public visit will be far-reaching and exert a powerful influence upon future business transactions on the part of Eastern capitalists and our own people.

The visit of members of the New York Merchants Association will open the eyes of the mounted men of that State to the glorious opportunities which only await the influx of generous capital to blossom into brilliant realities. Texas presents a verdant field for investment, and this applies with equal force to all notions of the commonwealth. What attraction one section lacks is amply made up by another. Agricultural, mineral, manufacturing, timber and live stock interest, are all flourishing, but the possibilities alone have been touched and the results of cultivation will be but commensurate with the efforts put forth. Mr. Edwin Chandler of San Antonio, who has been commissioned by Gov. Sayers to arrange for the reception and entertainment of the probable visitors, is well qualified to manifest the advantages of Texas, and to make apparent the fact that of all States of a wonderful South Texas contains every element worthy of attention by the best business interests of the country.

A BIG BUSINESS ON A SMALL SCALE

Is done here. We serve a great number of customers with choice Roasts, Chops, Steaks, etc., but we don't keep a large quantity of meat on hand. We receive a fresh supply at frequent intervals and that is the reason everything is of such delicious flavor. The meats have not become tasteless through a long imprisonment in the ice box.
Beef, Veal, Mutton, Lamb, Pork, and all game in season.

Go to Norwood's for 27 inch black taffeta at 95 cents. 109

Smallpox Spreading.

St. Joseph, Mo., April 8.—City Physician Tygart makes the statement that there are 30 cases of smallpox in South park, which have never been reported to the health department and that the disease is rapidly spreading. He placed the whole section of the city under quarantine. Throughout the northern part of the state, he says, the disease is spreading.

Statement of Patrick.

New York, April 8.—Lawyer Albert T. Patrick, who is charged with the murder of millionaire W. M. Rice, has made a statement concerning his case. He declares Mr. Rice was not killed by Jones, but that he died of heart disease. He asserts that the prosecution are trying to deprive him of his inheritance.

Green Bugs Swarming.

Ennis, Tex., April 8.—Parties here observed swarms of tiny insects in the air Saturday, and some of the farmers who have been watching the wheat pest in their fields noticed that they seemed to be moving. One man reported the bugs increasing in his field.

British Will Return Home.

London, April 8.—Lord Kitchener has informed the war office that 18 volunteer companies, freed by reliefs, are coming home and that arrangements are in progress for the speedy relief of further companies.

Died of Scarlet Fever.

Terrell, Tex., April 8.—The infant child of Bob Camp, of Poetry, died from scarlet fever. This made the third death occurring in Mr. Camp's family of this disease within a week, including Mrs. Camp and another child.

Held Up and Robbed.

Dallas, April 8.—A young man named Virgil Smith, living two miles north of Dallas on the Denton road, was robbed and roughly handled by two negroes while returning home Saturday night. He was relieved of \$12.

PHILIPPINE AFFAIRS.

Temporary Government Will Be Established Until Congress Acts.

Cagayan, P. I., April 8.—In response to interrogatories from Mr. Elihu Root, United States secretary of war, the Philippines commission has prepared reports in the form of civil government to be established June 1 and continue until congress shall have organized a permanent government for the archipelago.

This temporary civil government is expected to consist of a governor, a cabinet and a legislative council, and it is believed that the members of the present commission will act as the principal advisers of Governor General Taft, although there will probably be a few Filipinos in the council. The members of the provincial legislature will all be appointed.

The commission will reach Manila, May 1, after establishing provincial governments in all the large central islands excepting Samar and Mindoro. As soon as routine business has been disposed of the commission will proceed to the organization of every remaining province in the island of Luzon and will also deal with the matter of city governments for Manila.

Conferences last week with many Moros, Mindanao, tribesmen and others confirmed the members of the commission in their intention not to substitute provincial for departmental government in Mindanao and the Sulu group except by the organization of the province of northern Mindanao.

Judge Taft says the matter of abolishing slavery can and will be handled deliberately and tactfully, but that no legislation affecting polygamy among the savages is probable.

FIGHT WITH THIEVES.

Two Were Wounded After Blowing a Safe in an Indiana Town.

Frankfort, April 8.—Burglars at Michigan town, east of this city early Sunday morning, wrecked the safe in a brick building occupied by C. A. Marshall, a merchant, and after a desperate running battle with citizens, in which Mr. Marshall was slightly wounded and two of the robbers were wounded, but escaped with a small amount of booty.

Many valuable papers were destroyed. The big steel vault was blown out and across the room and a drawer containing a package of bank bills was blown in an opposite direction and the bills torn into a thousand pieces. It is not thought the robbers succeeded in getting to exceed \$60 in cash, the other money being so destroyed that it could not be found. The property damage to the safe, building and goods will probably reach \$3000.

Pioneer Miner Dead.

Chicago, April 8.—August Byram, one of the pioneer mining operators of the far west, is dead in this city. He was 78 years of age and had been actively engaged in business for nearly 30 years. Mr. Byram went from Kentucky to California during the gold excitement of 1849 and later engaged in freighting from the Missouri river to the west over the old Santa Fe trail. Subsequently he became interested with Jay Cooke and others in big mining properties of Montana and Utah. At one time he was sole owner of the Great Horn silver mine in Utah.

Could Not Agree.

Salina, Kas., April 8.—The first trial of a "jointist" under the new Hurrell law which makes it a misdemeanor to be found in possession of spirituous liquors resulted in no verdict here and the jury was discharged. It was the case of Henry Stevens and wife, whose place was raided by the sheriff recently. The passage of the law was the result of a temperance crusade started by Mrs. Nation.

Trapping Boll Weevils.

Gonzales, Tex., April 6.—Henry Nunn, a farmer, has been experimenting with trap rows of cotton for the boll weevil. Mr. Nunn planted a trap row over his field and the cotton has been up several weeks, and he has already caught and killed 200 boll weevils, and the plan is proving effectual. The winter has been too mild to kill the boll weevils, and many farmers report them on their young cotton.

Agree to Reduce Acreage.

Cameron, Tex., April 8.—At a mass meeting of the farmers of Milam county at the courthouse Saturday, in which many large planters were present resolutions indorsing diversification were unanimously adopted and also that not over two-thirds of acreage should be planted in cotton. Corn and bacon are to be raised and cereals of all kinds. Several wool-hat farmers participated and made speeches.

Woman Sentenced for Bigamy.

Helena, April 8.—Mrs. William Hancock and her husband had a quarrel a short time ago, and Hancock told his wife, it was alleged, that they were not legally married. She says she believed him and married a railroad man named McCall. They were both arrested, and Mrs. McCall pleaded guilty to bigamy on the advice of a lawyer and was sentenced to three months in the penitentiary.

Will Sell all Claims.

Washington, April 8.—Within a day or two the government will announce that it will receive bids for its claim against the Sioux City and Pacific railroad which amounts to something over \$4,000,000 principal and interest.

Given a Life Sentence.

El Reno, O. T., April 8.—Taylor Kirk, who killed his sister near Cordell, Washita county, was sentenced to 99 years in the penitentiary.

"Success is the realization of the estimate which you place upon yourself"

That's why we are so well pleased when people say, "You Don't Have to Apologize for Riding on the Denver Road." We knew that we had the handsomest train and most perfect service in the Southwest when we got on those up-to-date Pullmans, modern Coaches and luxurious Cafe-cars. The people have caught on. The ladies appreciate the extra large dressing-room, our sleepers every one is delighted with those Coaches,—and, it is a veritable joy to take your meal the Cafe-cars! Because of these advantages, also much the shortest time, nearly everybody goes to Colorado our way. They enjoy going through without change.

Beautiful line of Easter Suits for men and boys just received at Wagner & Brandon's.

For Rent Cheap—Four south rooms. Apply to Mrs. H. R. Hayes.

MRS. NEWCOMB'S DEATH.

She Leaves All Her Estate to a Girl's School at New Orleans.

New York, April 9.—Mrs. J. A. Newcomb who died Monday at the home of Rev. Dr. John Chamberlain in this city, was the widow of Warren Newcomb. She was born in Baltimore of French descent and was married to Warner Newcomb, the commission merchant in Louisville, whom she met in New Orleans while on a visit to that city. At the time of her marriage her husband was a member of the firm of H. D. Newcomb & Bro., of Louisville. Later he came to this city and started a commission business with H. D. Newcomb and his nephew H. Victor Newcomb. He died in 1865, leaving a large estate.

After the death of her only child, about 18 years ago, Mrs. Newcomb founded the Sophie Newcomb college for girls, an adjunct to the Tulane University in New Orleans, one of the handsomest and best equipped schools for girls in the south. She built in Lexington, Va., a memorial chapel to Major General Robert E. Lee. Her husband, before his death had endowed a chair in the Washington and Lee University in connection with Cyrus W. McCormick.

Mrs. Newcomb was a woman of many eccentricities and had long been estranged from her relatives. She had been living in this city and New Orleans a secluded life for many years. Last fall it was her intention to go to New Orleans, but her feebleness prevented and she lingered for many months, finally succumbing to old age.

Her estate amounting to about \$100,000,000 is left to the school he founded at New Orleans.

RIOT IN MEXICO.

Serious Trouble Apprehended Over the Affair That Started at Lampasas.

Laredo, Tex., April 9.—Reliable reports of a serious riot occurring Sunday at Lampasas, Mexico, a station on the Mexican National railroad, 70 miles distant, have reached here. It appears that the government of Mexico has had suspicion about the recent occurrence at that place and Sunday morning the military stationed there arrested four of the most prominent citizens.

When they took them to the depot to carry them to Monterey, a mob, headed by Francisco Naranjo, son of the famous General Naranjo, appeared at the depot. Just what the intention was could not be discovered. As soon as the train left the leaders of the mob repaired to General Naranjo's castle, where they are at present surrounded. Officers in Mexico cannot enter private houses, so they are going to starve them out. As soon as the government heard of the disturbance 500 soldiers from Monterey were rushed to the scene by special train.

Knowing ones shake their heads and say trouble is brewing. Northern Mexico has always been the scene of the commencement of all revolutions in that country. The feeling between the Clerical and Liberal parties of Mexico has been growing for years until now it is intense.

Refuse Any Information.

Ann Arbor, Mich., April 9.—The University authorities refuse to make known the name of the student in the University hospital pesthouse with the mysterious disease, supposed to be bubonic plague, but it was learned from a medical student that the young man's name is Charles H. Hare of Pawnee City, Neb. He is a sophomore medico and has been taking special work in bacteriology and has been handling culture tubes. It is supposed that in performing this work they became inoculated. Dr. Novy said that the young man was coming out of the disease all right.

Anti-Clerical Riot.

New York, April 9.—A dispatch to The Herald from Buenos Ayres says that serious anti-clerical riots have occurred at San Pablo in the state of Santiago del Estro. They were caused by the presentation of the Spanish drama "Electra," by Perez Galdos, which recently caused disturbances in Spain. There was great excitement during the performance and at the end the audience rushed out on the streets uttering cries against the clergy. They marched to the convent of San Bonita and assaulted it. Many were arrested.

Refused to Take Medicine.

Knoxville, April 9.—W. W. Scott, who was taken sick while en route from Waldo, Ark., to Moundsville, W. Va., on March 30, and placed in the hospital here died Monday night. His body will be shipped to Gainesville, Tex., where his father, Dr. George L. Scott resides. The Scott case was rather a peculiar one. He grew rapidly worse from the start, refusing to take medicine saying that he was a believer in the "water cure."

Was Probably Murdered.

Brenham, Tex., April 9.—Lulu Groves was found in the back yard of a residence in this city Sunday night with her garments soaked in blood and in a semi-conscious condition. She was conveyed to the house of Jake Harris, where she soon expired. The circumstances attending her death are mysterious.

Murder in Indian Territory.

Hartshorn, I. T., April 9.—At Wolburton, a mining town 16 miles from this place, a fight occurred between William Kettigan, Eugene Stumbaugh and a man named Jones on one side and George Zebo and Mike Marshall on the other. Marshall was killed and Zebo was fatally wounded. All chances for recovery are against him.

TEXAS LEGISLATURE.

The Session Brought to a Close at
Noon Today.

MANY BILLS FAILED.

The Emergency Appropriation Measure
Carries a Total of \$1,387,539.
Double-Header and Galves-
ton Aid Bills Dead.

Austin, April 9.—The legislature ad-
journed sine die at noon today, but
1:30 o'clock regular time.

The morning was devoted to signing
of bills and throwing bouquets.

The house members gave Speaker
Prince a gold watch and chain.

Austin, April 9.—The first business
before the senate yesterday was a reso-
lution which was adopted, tend-
ing to the use of the senate chamber to the
Texas Veteran's association and the Daughters
of the Republic for their celebration on
April 23.

The free conference committee report
on the six months' appropriation
bill was called up. It was not what the
senate wanted but it was the best it
could do. The report was adopted. The
total appropriation carried by the bill
amounts to \$1,387,539.

Mr. Miller secured the final passage
of the house bill reenacting a law
stricken from the statute books in 1891,
authorizing railroad corporations to ex-
tend their branch lines at an angle of
not less than 25 degrees from the main
line.

On motion of Mr. Miller the senate
again refused the request of the house
for a free conference committee on the
Dallas charter.

Mr. Davidson of Galveston secured
consideration of the house bill donating
to Brazoria county for two years all
state ad valorem and occupation taxes
collected in that county, to be used in
the construction of bridges. The bill
passed to third reading with slight
amendments.

Mr. Patterson secured the final pas-
sage of the house bill making it a mis-
demeanor to violate the governor's
quarantine proclamations.

Mr. Savage secured the consideration
of the house bill requiring railroad com-
panies to equip their cars for handling
of lumber and sugar cane. The bill
was discussed and finally went to the
table.

Mr. Odell secured consideration of the
8-hour labor bill pending from the
morning session, with an amendment
by Mr. Harris of Bexar providing that
the bill shall not apply to employees of
the state, but only to laborers for con-
tractors.

A call of the senate was made on the
bill, but the absentees were excused.
The amendment was adopted and the
bill passed to third reading.

Mr. Dibrell introduced a resolution
appropriating \$300 to be used in decorat-
ing the senate upon the occasion of
President McKinley's visit to Austin.

Upon convening the house, the speaker
announced that the Fifty-first judicial
district was without a prosecuting offi-
cer and that none was provided for by
law. He said a bill had passed the sen-
ate covering the defect, and he asked
the house to permit the bill to be taken
up and passed at once. No objection
was made and the bill was engrossed,
and passed, with the emergency clause
under a suspension of the rules.

Mr. Evans called up the free confer-
ence report on the senate amendments
to the six months' deficiency appropri-
ation bill and moved its adoption.

It was adopted after an explanation.
Mr. Shaw moved that the house do
not recede from its amendments to the
Dallas charter bill. Prevailed.

The senate amendments to the bill
prohibiting the hunting of ducks and
geese at night in certain counties were
concluded in.

The senate amendments to the bill
prohibiting cruelty to animals were con-
cluded in.

A resolution by Mr. Gary, commend-
ing the newspaper men in attendance
upon the legislature for their services
and the accuracy of their reports, was
adopted by a rising vote.

A fruitless effort was made to amend
the rules so the double-header bill could
be taken up. The motion was defeated
by a vote of 57 to 50.

The bill appropriating \$12,000 to pay
claims arising from the furnishing of
supplies for Texas volunteer troops dur-
ing the Spanish war, for which the
state is to be reimbursed by the federal
government, was engrossed and under
a suspension of the rules passed.

The bill providing that a saloon keep-
er who sells liquor to an habitual drunk-
ard in good faith, not knowing that he
is an habitual drunkard, may plead his
ignorance in defense in suits on his
bond, was passed.

A resolution offered by Mr. Grisham,
directing the committee on contingent
expenses to pay the funeral expenses of
the late Representative Gay, was adopt-
ed after a heated debate.

The bill requiring railroads to provide
interlocking switches at crossings was
passed under a suspension of the rules.
The barratry bill, regulating the prac-

tice of law, was passed finally under a
suspension of the rules.

The bill prohibiting gaming at tenpin
alleys and with slot machines was final-
ly passed.

The bill correcting an error in the law
providing for a fish and oyster commis-
sion was passed.

Mr. Connally called up the free con-
ference report on the Galveston grade-
raising bill and moved its adoption.

The report recommended that the
taxes be donated for 10 years.

After much discussion the report was
rejected by the house.

Committee Clerk Thomas, on behalf
of the clerks of the house, presented to
Speaker Prince an umbrella in a neat
speech. The speaker replied appropri-
ately.

The legislature will adjourn at noon
today.

BRITISH AND BOERS.

The Former Takes Pietersburg and the
Latter Captures Some Troops.

London, April 9.—Kitchener reports
from Pretoria that Plumer has occupied
Pietersburg with slight opposition. He
captured two locomotives and 39 trucks.
The capture of Pietersburg is regarded
here as important. The place is the
terminus of the railway and has been
the capital of the Boer government since
the evacuation of Pretoria. The whole
of the Northern railway is now in the
hands of the British. According to dis-
patch of Kitchener, only one officer and
one man was killed. The Boers evacu-
ated the town during the night prior to
Plumer's arrival after blowing up two
trucks laden with ammunition.

Kitchener further reports the capture
of 16 prisoners, 50 horses and the depot
of war stores at Bishmanskop, Orange
River Colony.

As an offset, he reports that a detach-
ment of 100 of the Fifth lancers and im-
perial yeomanry, attacked by 400 Boers
to the northward of Aberdeen, Cape Col-
ony, and after several hours' fighting,
the British were surrounded and cap-
tured, with the exception of 25 who suc-
ceeded in making their escape.

Boer Suit Against British.

New Orleans, April 9.—The suit of
the Boer representatives here against
the agents of the steamships to prevent
the shipment of mules and horses
through New Orleans to South Africa
for the use of the British British army
in the war against the Boers, was taken
up for trial before Judge Parlane of
the United States Circuit court to-
day. General Pearson of the Boer army
and a number of British army officers
were included in the large attendance.
The proceedings opened with depositions
on the part of the defendants to the
suit in which they denied they were
carrying munitions of war and in which
they said their vessels were not armed
to repel any attack. They were simply
engaged in peaceful transportation pur-
suits.

Horses and Mules Still Going.

Fort Worth, Tex., April 9.—Mules
and horses are still being shipped from
here by agents of the British govern-
ment to the Transvaal country, despite
the efforts of the Boers. Frank Anson
shipped 750 horses to New Orleans this
week. Eight hundred head were
shipped last week. Charles Hicks also
shipped out 600 horses and will consign
200 more this week. The British gov-
ernment has paid out several million
dollars to Texas people for horses and
mules for use in the South African war.

Kruger's American Journey.

New York, April 9.—A Dispatch
from Holland, says The Tribune's Lon-
don correspondent, revive the rumor
that Mr. Kruger is bent upon visiting
the United States during the summer.
Private information from The Hague
leads to the belief that his physician is
strongly opposed to any course of action
which will subject him to excitement.
Mr. Kruger's general health is fair but
he has a weak heart action and has
been warned that he must live quietly.
The talk about his American journey
comes from Boer sympathizers in Hol-
land who are unwilling to admit that
he has exhausted the resources of
diplomacy and has nothing in reserve.

Bought Okefenokee Swamp.

Atlanta, April 9.—The famous Oke-
fenokee swamp of south Georgia, has
been sold to Charles Hebard & Sons of
Michigan. The consideration, it is un-
derstood, is \$176,000. The swamp con-
tains 364,000 acres and its circumference
is 137 miles. The sale carries with it
land, water, timber, water courses and
game with which the swamp abounds.
The swamp, it is said, was purchased
with its standing timber and after it is
cleared, the land will be devoted to sug-
ar cane and cotton. A company will be
organized in Savannah to maintain the
game preserve on the possession until
the lumber is removed.

Prince Wildenbourg Arrives.

New York, April 9.—Prince Fran-
cois Edmond Jessop Briel Vit de Hatz-
feldt Wildenbourg has arrived on the
Cunard steamer Servia with his secre-
tary, Herr F. M. Guendell. The prince
is the son-in-law of the late C. P. Hun-
tington who left his adopted daughter
Clara, the princess, \$1,000,000. The
prince's father is German Ambassador
to England.

French Promise to Help.

Tripoli, April 9.—Advices from Ben-
ghasi state that the sultan of Nadai,
finding himself helpless against the re-
bellion now in progress, has invoked
the assistance of the French, which has
been promised him.

Knox Sworn In.

Washington, April 9.—Philander C.
Knox of Pittsburgh was sworn in as at-
torney general this morning in place
of John W. Griggs, resigned. Justice
Shiras of the United States supreme
court administering the oath.
